Special Ed Approved For County

Operating Millage Okayed by Narrow Margins Locally

Both Holland and West Ottawa school districts approved operating millage issues by narrow margins in Tuesday's annual school elections.

Ottawa county voters approved by a comfortable 2 1/2 to 1 margin an additional .9 mill for special education in the Ottawa Area Intermediate School District.

Holland district voters gave a 93-vote margin for an additional 3.75 mills for school operations for one year, 2,438 to 2,345. This is in addition to 10 mills for five years which expires in 1972.

West Ottawa district voters gave an 87-vote margin to its request for 18.9 mills for one year, 725 to 638. It was the narrowest margin in several years of voting operating millage, none of them defeated. The 18.9 mills is an increase of 1.4 mills over last year.

Total vote cast in Holland's 16 precincts was 5,171 or just under 40 per cent of the estimated 13,000 registered voters.

Two unopposed incumbents were returned to office for four-year terms, Robert N. Gosselaar receiving 4,216 votes and John Weeber 3,530 votes.

In West Ottawa, incumbent Jack Daniels was returned to office polling 1,152 votes. William J. Lalley was elected with 884 votes, succeeding Neil Kalkman, who did not seek reelection. A third candidate, Don E. Leep, received 526 votes.

The vote for the special education millage in Ottawa county was 10,300 to 4,165. The .9 mill is in addition to a .5 mill levy passed in 1961 by a 5 to 1 majority. Through the years, the special education program has grown so that it currently serves over 3,000 children in 89 special education programs for both physically and mentally handicapped persons.

Passage of the millage will allow development of combining seven trainable programs in five separate isolated buildings into a central facility at a cost of approximately \$500,000. At present it costs the county \$162,000 a year to operate the seven programs. No site has been chosen.

The vote by school districts in the intermediate district follows:

	Yes	No
Allendale	263	86
Coopersville	870	392
Grand Haven	1,215	757
Holland	3,474	1,414
Hudsonville	791	81
Jenison	683	131
Spring Lake	984	489
West Ottawa	1,001	453
Zeeland	1,019	453
Total	10,300	4,165

Reconciliation Possible: Synod

General Synod, the official policy-making body of the Reformed Church in America, voted its conviction Tuesday afternoon that tensions and differences within the denomination can be reconciled.

J., to explore all possibilities of reconciliation within the denomination. Some of these differences are of long standing between liberals and conservatives in geographical areas and others are associated with the defeat last year of the proposed merger with Southern Presbyterians.

The report of the Committee of Eighteen was one of the most interesting items on the agenda of the week-long Synod session at Hope College. The session is the 164th annual meeting in the long history of the Reformed Church which boasts

Local Man To Succeed Judge Ray

Wendell A. Miles Given Appointment By Gov. Milliken

The appointment of Wendell A. Miles of Holland as circuit judge of the 20th judicial district (Ottawa and Allegan counties) was announced Tuesday in Lansing by Gov. William G. Milliken.

Miles, 54, son of former Circuit Judge Fred T. Miles, now 95 years old, succeeds the late Chester A. Ray of Allegan and will serve until Jan. 1, 1971. Miles had opposed Ray in the 1966 election and lost by about 300 votes.

He was elected prosecuting attorney of Ottawa county in the late 1940's and in 1953 was appointed U.S. district attorney for all of Western Michigan and the upper peninsula, serving in that capacity of 7 1/2 years.

Miles is a graduate of Holland High School, Hope College and received a master's degree from the University of Wyoming and a law degree from the University of Michigan School of Law. For the last decade he has been associated with a Grand Rapids law firm.

Tenure of the appointment is only until Jan. 1, 1971, or just seven months. To qualify for the balance of the unexpired term, Miles must have nearly 1,000 signatures in the next five days which must be filed by June 15. "My friends in both counties are helping me. The response is wonderful so far," the new appointee said.

Miles said the last few days have been difficult ones. "Our firm which started with five lawyers and two secretaries now has 12 attorneys and nine secretaries. I have been honored by the firm by having my name lead — Miles, Mika, Meyers, Beckett and Jones. In it are attorneys of different religious faiths and political

Wendell A. Miles affiliation. It's very difficult to say good-bye to such wonderful and fine associates," he said.

Miles is spending most of this week resigning from many positions and reassigning 17 major cases set for trial from Detroit to Marquette. He expects to spend the remainder of June in turning these cases over to other counsel.

Miles and his wife, Mariette, a native of France, have three children, Mrs. Peter (Lorraine) Rector of Madison, Wis., Michele, who has completed her freshman year at Central Michigan University, and Tom, a sophomore at Holland High. A brother, Frederick T., is probate judge for Ottawa county.

Expos Draft Dan Tripp

The Montreal Expos announced today that they have drafted West Ottawa's brilliant left-handed pitcher Dan Tripp in the free agent baseball draft.

West Ottawa's fireballer had an outstanding 0.45 earned run average which was the best in the O-K Red Division.

"He has the best attitude of any boy that I have ever coached and is one of the finest pitchers that I have worked with," West Ottawa's baseball coach Doug Waldron said of Tripp.

In his three years on the varsity, Tripp won 24 games and dropped only five for a winning percentage of .862.

When Tripp wasn't pitching, he was playing first base and finished the season with a .326 batting average. One of his hits was a long home run.

Appeal Board Okays Petitions Conditionally

Three applications were approved conditionally and one was referred to the planning commission as the result of four public hearings before the Board of Appeals Thursday night in City Hall.

A parking lot was approved subject to placing curb blacks at a nine-foot setback. The Church had requested placing two 20-foot signs and a six-foot setback for the parking lot.

Problems Make You Think: Peale

"Problems are not necessarily a bad thing but a sign of life," Dr. Norman Vincent Peale of New York's Marble Collegiate Church told delegates at the opening session of General Synod of the Reformed Church in America Tuesday in Dimnent Memorial Chapel on Hope College campus.

Dr. Peale, president of Synod, said, "We would not be better off with fewer problems, easier problems or no problems. They are God's way of making us strong. The church and nation would be in great jeopardy without problems. Our founding fathers stood up to their problems."

The denomination's 164th annual meeting which will close Saturday noon. The 300 official delegates plus guests totaling close to 600 are being housed in college dormitories.

"God feels we are competent to live in this generation with its many, many problems, or He would not have placed us in this generation," Dr. Peale said. "Problems do not produce collapse but greatness. Some one has said in time of problems there is great movement in heaven to bring about a great climax on earth."

"In dealing with problems, one may think or one may emotionalize, and it's much more difficult to tussle with thought

than to emot about it," Dr. Peale opined, adding that there is too much motionalizing and not enough coping. The mind can't think when it's hot, he added.

In free verse he said, "The nation's in a dither, everything's atwitter because nobody's thinking." Then he asked, "How do you think?" and gave his own answer, "You think by praying or thinking God's thoughts. God has given us the capacity to think."

This year's denominational theme is part of a three-year subject of "The Living God Speaks." In 1968 the additional theme was "In Judgment," 1969, "In Reconciliation" and in 1970 "In Mission."

Tuesday's session opened with a communion service conducted by the Rev. Henry Voogd, host pastor, and Dr. Lester J. Kuyper, synod vice president.

JUNE AND THE BOATING SEASON

We have just received some information about the grants of nearly \$500,000 to counties for the Marine Safety Work in Michigan. Allegan County was granted \$7,632.73 and Ottawa County was granted \$17,000, these amounts were reimbursements for the county marine safety work in 1969. The grants by the Department of Natural Resources are reimbursement for more than half of last year's costs of carrying out local marine safety programs.

Michigan Department of Natural Resources, known as DNR, drew upon a fraction of revenues collected from Michigan's motorboat registrations to partially offset expenses which these counties initially met with their own funds during 1969. This helped with marine law enforcement, boating safety education and rescue operations, boat delivery inspections as well as the recovery of drowned persons.

Our area being near small lakes and rivers as well as Lake Michigan can use the help that we are receiving from DNR. The report indicates that counties were repaid for two-thirds of these costs for the previous year. The report indicates that there is only enough funds this year to cover about 52 per cent of those expenses for 1969. Therefore legislation is now being sought by the DNR to strengthen state funding for local marine safety programs.

There are many other programs listed in the News Bulletin that we have received since the Pheasants, lake control of Sea Lampreys, as the report indicates the fish losses in the Lakes continue to be a concern.

State wide information service on available campsites at state parks will get underway June 15 and continue through September 11th.

Some problems were experienced with cedars, jumpers and other coniferous shrubs that suffered severe winter burning.

So when you are enjoying our great State of Michigan, remember to observe the rules... Just remember that you can help by taking care of your litter.

Worship in the Church
I Corinthians 11:23-26;
14:23-26, 40
By C. P. Dame

It was the custom of Paul, after he founded a church in a city, to organize it and to select spiritual leaders for it and to give it rules and orders. Paul wanted all things done decently and in order, especially in regard to the worship services. Today's lesson tells us about the Lord's Supper—its celebration has always been important in most churches.

I. The Lord's Supper is of divine origin. The early churches celebrated the Lord's Supper often. Some churches today celebrate it every Sunday. The Corinthian Church was worldly. It had many problems. It needed instruction. Matthew, Mark and Luke record the institution of the Lord's Supper. Paul received information directly from the Lord and he gave it to the Corinthian Church.

Jesus instituted the sacrament on the night of the betrayal after He had celebrated the Passover with His disciples. Jesus took the bread that was on the table, gave thanks, and then broke it and gave it to the disciples, and said, "This is My body which is for you." The broken bread represented the broken body of the Lord—broken for man's sin.

"After the same manner also He took the cup" and blessed it and gave thanks and said, "This cup is the new testament in my blood"—His blood sealed the covenant which He made with His people. Only then will a communion service be meaningful when we realize that Christ died for us and that in the future God's people will fellowship with Him forever. Preparation for the celebration of the Lord's Supper will make it more helpful.

II. Worship should build up believers. The Corinthian church sometimes came together in groups and at other times the whole church came together. The meetings were informal. Some spoke in tongues, some stressed teaching. Paul said that those who spoke in tongues did no good because no one understood what they said but those who taught if they did it well got a message across. In addition if a visitor would come to a meeting he would not understand the man speaking in tongues—so what? On the other hand the teacher might win an unbeliever. Note that Paul was unconcerned about the lost.

According to Paul all things ought to be done "for edification." Today in some churches novelties of all kinds are introduced in order to make the worship services more attractive to some people. The question to ask—does it edify? Does it build up the individual and the church. When it does, well then the purpose has been reached. The church of today needs to be built up in the holy faith.

Off-Duty Firemen Pull Fisherman From Burt Lake

Two off-duty Holland firemen on a fishing trip to Burt Lake in northern Lower Michigan last week pulled an Ohio fisherman from the chilly waters after he was spilled from his boat which continued in circles for four hours.

Firemen John Otting and Vern Postma were trolling in the area last Wednesday when they noticed Stanley Goron having troubles with his 22 h.p. outboard motor. Otting said it appeared the fisherman replaced the spark plugs on the motor and the force of starting the motor tossed Goron into the water. The boat continued in a tight circle until the gas tank apparently went dry.

Otting said he and Postma brought their boat to where Goron was in the 51 degree water outside the circle made by the runaway boat. They took the Ohio fisherman ashore where he was staying in a cabin.

Otting and Postma returned across Burt Lake in their boat to where they were staying and left the area about noon. As they left Otting said the boat was still buzzing in the circle. Later reports said the motor stopped after about four hours of operation. The fisherman apparently suffered a chill and a slight head wound, Otting said.

Wilson Bound To Circuit Court In Traffic Death

John L. Wilson II, 18, of Hopkins, charged with the negligent homicide in the May 15 traffic death of Miss Beradine Vinke-mulder, 75, of 82 West Ninth St., was bound over to Ottawa Circuit court for a July 13 appearance. Bond of \$1,000 was continued.

Wilson appeared in Holland District court Monday for a preliminary hearing.

Holland police said Wilson was driving a car that collided with an auto in which Miss Vinke-mulder was riding. Police said Wilson was heading east on 16th St. and the other car, driven by Miss Nelia De Groot, 71, of 106 West 19th St., was northbound on Pine Ave. when the collision occurred. The De Groot car hit a tree following the impact.

Police alleged Wilson ran a stop sign.

Recovered Motor Used On Sailboat

An outboard motor recovered from Lake Macatawa near where the old Waukazoo Inn stood was used only 20 minutes before it fell from a sailboat nearly 34 years ago, it was revealed today.

The motor was recovered last month from the channel area in the Central Park narrows by divers working on a Michigan Bell Telephone Co. underwater cable repair project.

The 4½ horsepower motor, identified through a catalog as a 1936 model Johnson, was recovered by Pete De Haan, a member of the Bell repair crew.

De Haan said a Detroit resident who summers at Central Park identified the motor after an article about the motor's recovery appeared in The Sentinel May 26.

De Haan said Robert Waalkes told him the motor had been attached to a bracket on a sailboat and he was motoring the boat across the channel to the Waukazoo Inn when the bracket gave way and the motor plunged into the water. The new motor had been used only 20 minutes.

The motor, adapted with an extended shaft for use on a sailboat, was owned by Waalkes' late father, Gerrit. He was a Detroit industrialist who owned a cottage at Central Park.

De Haan said the cottage still is in the family and Waalkes still summers there. De Haan had one other inquiry about the motor. It was from Mrs. Dick Miles, whose late husband operated the Central Park grocery before 1930.

He recalled a motor fell from their boat near the Waukazoo Inn in 1930. A letter to The Sentinel from Vernon Van Lente of Pasadena, Calif., told of the same incident. Van Lente, formerly of Holland, said he was using the Miles boat and motor when the motor began shaking and twisted itself from the boat.

Synod Sidelights

Hope College campus is familiar territory to a good number of the 600 persons attending the annual session of General Synod of the Reformed Church in America. Half of the 300 official delegates are Reformed Church ministers, and a good share of them attended Hope College and Western Theological Seminary.

Dimment Memorial Chapel, a fine example of gothic architecture, holds a lot of memories for Hope grads and it's always fun to return "home." The setting sun Tuesday illumined the rose window just the right way.

Delegates from Holland classis to General Synod are the Rev. Paul Colenbrander, the Rev. Vernon L. Hoff, the Rev. William Van Malsen and Dr. Arthur H. Jentz Jr., representing churches and Hope College.

Elder delegates are Dr. Harry Frissel, Ties Pruis, Louis Van Huis and Louis B. Dalman.

Delegates of Zeeland classis are the Rev. Sherwin Broersma of Tampa, Fla. (yes, Zeeland classis takes in Florida!), the Rev. Irven J. Jungling and the Rev. Josias Eernisse of Zeeland and the Rev. John R. Nieuwsma of Hamilton. Elder delegates are Paul Wolterink, Glenn Ten Brink and John Raak of Zeeland and Claus Zwyghuizen of Hudsonville.

Dr. Donald Black of New York City, fraternal delegate from the United Presbyterian Church, in bringing greetings from the sister denomination spoke of his long involvement with the Reformed Church throughout his career, his observations and appreciation of Reformed Church missionary work in Ethiopia, the Sudan, Taiwan and Hong Kong. He said one distinction about the Reformed Church in missionary work is that it does not try to be distinctive and works well with other churches in the broader contexts.

He said he was personally involved in Reformed Church work in New York and the Rev. Herman Harmelink III who introduced him and confirmed his three sons.

Many former Holland pastors are delegates to General Synod this year. Among them are the Rev. Chris Walvoord of New Paltz, N. Y., former pastor of Third Church; Dr. Marion de Velder, general secretary at the New York headquarters, former pastor of Hope Church, the Rev. James Baar, also with the general office staff, former Maplewood pastor; the Rev. Henry Jager of Armour, S. D., formerly pastor of Ebenezer Church.

Other former pastor delegates who did not have to travel very far from home are the Rev. John Nieuwsma of Hamilton, former Fourth Church pastor, and the Rev. Harland Steele of Grand Rapids, former Trinity pastor.

The Rev. Delbert Vander Haar, native of Holland, is currently operating the regional office in Annabem, Calif. Back "at home" on Hope campus are Dr. Lars Granberg, president of Northwestern College at Orange City, Ia., and Dr. Kenneth Weller, president of Central College at Pella, Ia. Both left Hope fairly recently for their assignments after several years on the local faculty.

Just in case one might forget, there are several reminders on campus about the "Village Square" which will be staged this year on Friday, July 31. That's an occasion for Reformed Church people to come from far and near to spend the day on campus in a fund raising event for the Women's League which takes an interest in furnishing dormitories and doing many other nice things for the college.

Among Synod visitors is M. J. John, director of the Katpadi Agricultural Institute in India. He is staying with Dr. and Mrs. J. J. De Valois who are long-time missionaries in India, now retired.

Beth Marcus is home for a visit too, but is spending most of her waking hours on campus. Beth who has been associated with the Reformed Church for 16 years currently is director of promotion and communications at the New York headquarters, serving on Dr. de Velder's staff. She was appointed to the post two years ago after heading the Board of North American Missions.

Before going to New York, Beth served as executive secretary for the Ottawa County Red Cross. She describes her work as a two-way street, trying to keep the church leadership informed of grass roots thinking of the churches back home, and keeping the churches back home informed of the denominational programs here and abroad.

She is staying with her mother, Mrs. Etta Marcus, at the family home on West 14th St.

The Reformed Church has its share of young people concerned with social problems, particularly the war in Vietnam and Cambodia, the draft, a larger role for women in the church, etc. There probably will be a presentation, perhaps even a demonstration, before the close of Synod meetings.

Missionaries attending General Synod are John Anderson of Annville, Ky., Ruth Ann Weis of Annville, Ky., Rev. and Mrs. Robert P. Chaat of Lawton, Okla., Albert Lewis and Mrs. Rheutelia Andrew of Brewton, Ala., Mr. and Mrs. Stuart Schouten of Dulce, N. M., Rev. and Mrs. J. Samuel Hofman of Chipas, Mexico, Rev. and Mrs. Rowland Van Es of Taiwan, Rev. and Mrs. Harold Vande Berg of South India.

Others are Rev. and Mrs. Gordon Laman of Japan, Mr. and Mrs. Harry Pofahl of South India, Dr. M. Samuel Noordhoff of Taiwan, Rev. and Mrs. Gordon Van Wyk of Japan, Lillian Smies of Vellore, South India, Dr. and Mrs. John Kempers of Chiapas, Mexico, Wilma Kats of Ethiopia and Rev. and Mrs. Garold Van Engen of Chiapas.

Zeeland School Buses Damaged By Vandalism

ZEELAND—Vandals, believed juveniles, ransacked a number of parked school buses, broke windows and removed small flags from cemetery graves Tuesday night, police said.

Police chief Lawrence Veldheer said about 11 buses were entered and fire extinguishers were taken from some and emptied in and about the buses. Flares were removed and at least one was lit near the Post Office where buses were parked. The red glow drew the attention of persons who called police shortly after 11 p.m.

Police said three or four buses parked behind a school about two blocks from the post office also were entered.

Extinguishers removed from the buses were sprayed on a gas tank and doors at Consumers Power Co. and a truck at a nearby lumber yard. A window on the driver's side of the truck was found broken.

Police said they received a call that a plate glass window of the office of Dr. Alfred Vander Waas, 152 East Cherry St., was broken and windows were found broken at the offices of Drs. Marvin Goeman and Gordon Dour, 144 Cherry St.

Police said some 35 flags were removed from graves in the cemetery and the flags tossed at the entrance to the police station.

Three Teachers Retire From West Ottawa

Three teachers with a combined total of over 84 years of service in the field of education are retiring from the West Ottawa Public School system this month.

They are Mrs. Dena Compaan from Lakewood - Waukazoo, Miner Meindersma from Beechwood School and Mrs. Ada Vanden Berg from Pine Creek School.

While they will be saying farewell to the daily classroom "routine," all plan to keep a finger in the teaching profession by substituting now and then.

Mrs. Compaan began her teaching career in North Dakota in 1931 and taught all eight grades. She taught for four years before she was married and then two years after that prior to the birth of their first child.

She recalled it was during the depression years that she earned \$50 a month for teaching all eight grades in a one-room school.

She did not teach during the period in their family life when the Compaan's four children were small. The family moved to Michigan in 1952 and after the children were in school, Mrs. Compaan returned to teaching in 1955, teaching in Meadow Brook, a one-room school in Allegan county.

Pine Creek School was her first teaching experience in Ottawa county where she had 42 students in the second grade. During the past several years, she has taught in the Lakewood and Waukazoo buildings in the middle grades.

The Compaan's children are scattered throughout the United States and are accomplished in their respective fields. Pearl who lives in Ohio is a medical doctor and will be graduated this month as a specialized radiologist. She is married and has one daughter.

Kay is the youngest child and will be graduated this month as an occupational therapist. She is currently affiliating at Mary Free Bed Hospital in Grand Rapids.

The Compaan's also have twin sons, Alvin and Arlo. Alvin, who is doing research at the University of Illinois at Chicago expects to receive his doctorate degree in physics this year. Arlo, his wife and daughter live in California. He is a graduate

of Calvin Seminary and is continuing his studies in theology, specializing in pastoral counseling.

Mr. Meindersma has given more than 30 years to education and has always taught in Ottawa county (Olive and Georgetown townships and the West Ottawa system). He spent the last seven years in special education in West Ottawa. Prior to that he taught the sixth grade.

School officials say hundreds of boys and girls have enjoyed being in Mr. Meindersma's classes over the years.

He has served on many professional committees and organizations over the years and his main objective has always been to help boys and girls in whatever way possible.

Meindersma has also been active in the Scouting program, having served as a Boy Scout Cubmaster for more than 30 years. He bears the Silver Beaver Award and the Vigil Honor in the Order of Arrow, BSA.

Meindersma and his wife who retired last year after 34 years of teaching live at 123 Division St., Zeeland. They have no children.

Meindersma's plans for retirement include picking a few blueberries and doing a little traveling.

Mrs. Vanden Berg has been teaching for 33 years, giving four years at Robinson School and the remaining 29 years in what is now the West Ottawa School system.

The 29 years breaks down into four years at the Ventura School, two years at the Robert School and the last 23 years in Pine Creek.

The school officials estimated that Mrs. Vanden Berg has worked with approximately one thousand students during her career. In more recent years, she has been a first-grade teacher; however, during the earlier portion of her career, she taught kindergarten through eighth grade.

During retirement, Mrs. Vanden Berg intends to remain active through travel, enjoyment of her home and flowers and through the family's vacation trailer at Traverse City.

Mr. and Mrs. Vanden Berg reside at 904 Butternut Dr. They have a son Jan at home and a daughter Nancy who is a teacher in the Inarajan Elementary School in Guam.

at 8 p.m. in the Park township office on Ottawa Beach Rd. Co-chairmen for the meeting are Mrs. Jack Witteveen and Thomas G. Shelby.

Activities already proposed for retired couples making their permanent home in the area could be associated with the Community Hall on the fairgrounds where shuffleboard courts and equipment already

available could be used for informal recreation or occasional tournaments.

Other activities suggested are afternoon card games, monthly potluck dinners and discussion centers. Leisure time available to semi-retired or retired residents offers excellent openings for exchanging chitchat on hobbies or swapping talent in completing home improvement projects.

Advance information may be obtained by calling either co-chairman.

Mall Aired in Orderly Hearing

More than 150 persons gathered in Civic Center Thursday night for an informal hearing on the downtown mall as proposed by the Downtown Development Corp.

No vote was taken, no decisions made, but City Councilmen before whom the hearing was held have full knowledge how downtown operators and a goodly number of citizens feel about turning a two-block area of Eighth St. between River and College Aves. into a garden mall.

Proponents and opponents were given "equal time" although no checks were made by the clock. It happened that each side took an hour. Mayor Nelson Bosman presided. No tempers flared, everything was scrupulously fair and all participants were courteous.

City Manager William L. Bopf briefed the audience on events to date from Council's viewpoint. It appears 21 property owners are opposed, 19 in favor and 7 uncommitted.

Basing costs on a square foot basis and limiting depth to 114 feet for all properties, owners favoring the mall account for 114,049 square feet or 45 per cent, opponents 108,000 square feet or 42 per cent, and uncommitted 47,498 square feet or 14 per cent.

Estimated cost of development is \$490,000 or \$1.98 per square foot.

Proponents spoke first and Ron Kobes, speaking for Dale Fris, president of Downtown Development Corp., reviewed the program which started three years ago, organizing DDC a year later. He said parking does pose a problem which must be met and envisioned complete perimeter parking. He said the Planning Commission had endorsed the plan unanimously and the mayor had expressed confidence that the city would cooperate.

Kenneth Zuverink, member of the board of directors of DDC, spoke of the long study and

later presented a petition signed by merchants on both sides of River Ave. from City Hall to Sears, favoring the mall although they are not part of the assessment district.

Henry S. Maenitz, banker, says he supports the mall for the same reason he supported the industrial park, another "very controversial, very expensive venture but one that has become a huge success."

Roscoe Giles of the Chamber of Commerce spoke of a professional parking survey two years ago, the elimination of 78 downtown spaces in mall development and the fact that property has been earmarked for an additional 200 spaces.

Willard C. Wichers of the Planning Commission said the proposed mall fits into the master plan of 1963. At that time the central business district was the No. 1 taxpayer in the city (not industry as most had believed) and steps were taken at that time to develop offstreet parking and divert heavy traffic. He felt nobody would oppose a mall if a cost factor were not involved.

Morrie Tubbergen, president of the Downtown Merchants Division, spoke of malls in Kalamazoo and Michigan City, adding that Kalamazoo had developed its mall before any trace of deterioration had set in.

Others speaking for the mall were Harold Moor and Cal Hulst, downtown retailers; Don Ike of Old Kent Bank in Grand Rapids representing owner of Model Drug store; Harvey Butler, citizen; Norma Diekema, retailer; Jack Vannette, hotel operator, and Norman Heald of Sears who said it was doubtful if Sears would renew its lease four years hence if something is not done to enhance the downtown.

For the opposition, Andrew Vollink representing family interests served as main spokesman, pointing out that the Vogelzangs and De Fouw Elec-

tric had withdrawn their support and were now opposed to the mall. He felt the downtown should have more parking, not less parking, and advanced four points (1) more parking with merchants assessed as before, (2) consideration to lowering taxes for five years as an incentive for downtown retailers to improve stores, (3) block off Eighth St. as an experiment during June and July and during November and December, (4) study modified malls.

Others opposing the mall were Clare Walker, citizen, who objected to tax monies for maintenance; John Van Tatenhove who criticized the Michigan City mall and sought more parking in Holland, either three hours for a nickel or free parking, plus more parking for employers and employees; Paul Fabiano who said mall costs were too high for small businessmen, and fears that the mall might become a hippie haven.

Others were Harold De Fouw who felt the downtown could remain progressive, pointing to such niceties as hanging baskets; Stanley Boven, Central and 16th St., who objected to closing Central Ave. at Eighth St., also concerned with snow removal; Sam Loew, of Daymode and Annette's, who described Michigan City mall as a ghost town, adding people want enclosed malls, suggesting a temporary mall which could be open to parade during Tulip Time, also merchants could be more friendly to people and police should not ticket outside cars.

Other opposition was expressed by Charles Vander Ven who feared his property on College Ave. would be taken for parking; Vollink who pointed to some flaws in property deeds posing a problem for eight-foot sidewalk space in some areas; Ed Oudman who thought the city should vote on a mall; Bob Borgman and Ralph Cumerford who prefer a flow of traffic in

The couple's children are Mrs. Al (Marion) Schreur, Hudsonville; Mr. and Mrs. Jerry (Gladys) Brink of Holland; Mr. and Mrs. Ron (Joyce) Dekker, of Zeeland; Mr. and Mrs. Rog Schreur and Mr. and Mrs. Stan Schreur all of Hudsonville. There are 12 grandchildren.

front of their businesses, and Patsy Fabiano concerned with cost of maintenance.

City Manager Bopf said maintenance of the mall which likely would be in charge of the Park department is estimated at \$24,000 a year. He said mall development does not call for vacating the street. As for electrical sidewalks, Architect Rodger Strop said this would be metered in four locations. Costs would be paid by the DDC.

TO ATTEND SCHOOL — Three Holland girls will attend the Aquatic School sponsored by the Red Cross in Decatur this month. Shown here in front of the Red Cross Chapter House, 89 West 11th St., are (left

Three Girls Will Attend Aquatic Class

The aim of the American National Red Cross is to water-proof America through teaching safe conduct in and on the water.

To accomplish this, each year the national organization conducts Aquatic Schools for Senior Life Savers who wish to become Water Safety Instructors.

The midwestern area of the American Red Cross takes in 16 states, including Michigan. In this area there will be ten aquatic schools teaching first aid and water safety and two schools conducting classes in canoeing, boating and sailing. For many years, one of these schools has been in Michigan and this year it will be at the Lake of the Woods Camp, Decatur, June 11-21.

Usually there are about 140

enrolled in the Michigan school, including students from other states. The cost of the ten day leadership program with emphasis on water safety is \$70 per person.

Years ago the Ottawa County Chapter, ARC sponsored swimming programs during the summers at local beaches. Now, with the increasing number of pools in the area, year-around water safety instruction is given to children by Red Cross trained instructors sponsored by Boards of Education and Recreation Departments. The Ottawa County chapter now provides training for the instructors, certificates for the children and encourages students to become Red Cross trained Water Safety Instructors.

Realizing the need for additional instructors in this field, the Board of Directors, Ottawa County Chapter, ARC, recently voted to offer scholarships to enable three persons to attend the Aquatic School at Decatur. Those selected were Margo Hakken, daughter of Mr. and

Mrs. William T. Hakken Jr., 60 East 26th St., a 1965 graduate of Holland High School who attended Hope College; Nancy Beukema, daughter of Mr. and Mrs. Harold Beukema, 645 West 22nd St., who graduates this year from Holland High School and will be attending Central Michigan University in the fall; and Sandy Steketee, daughter of Mr. and Mrs. Simon Steketee, 59 East 29th St., who also graduates this year from Holland High and she will attend Northwestern Junior College in Traverse City. Miss Beukema and Miss Steketee were on Co-op at the Holland Community Swimming Pool this past school year.

The three girls will receive training in leadership besides learning how to instruct children to swim, how to prevent accidents in the water and how to prepare others to meet emergencies that arise in and on the water.

Advisory Group Recommends Two New Junior Highs

Two new junior high schools for Holland were recommended by a Citizens Advisory Committee headed by William Stratting in a report before the monthly meeting of the Board of Education Monday night in the Holland High School library.

The recommendation calls for one new school in the eastern sector and one in the western sector, each school planned for a maximum capacity of 900 students.

The committee also recommends that the Board of Education appoint committees of citizens in the district for further study in the fields of buildings, sites, finance, curriculum, public information, and present facility use.

The report also recommended that the Board arrange for an adequate number of mobile classrooms beginning in September to partially alleviate the critical overcrowded conditions at the existing school.

The committee limited its study and recommendation to the junior high segment of the school system because of the need for immediate attention in this field, geared to both the long and short range needs and using the University of Michigan survey as basic source material.

Stratting was assisted by five committee members in the presentation.

Dr. Vernon Boersma, giving an analysis of present location for renovation and expansion, said he reluctantly agreed to two new schools after studying noise at the present site, the \$300,000 cost of acquiring homes north of the present site for expanding, and facing facts on the need for 30 acres whereas an additional block at the present site would boost acreage to only 10 acres.

Mrs. William De Vries, in an analysis of abandoning present facilities, said the west unit built in 1912 is only conditionally approved by the state fire marshal and would be far too costly to renovate, but that the east unit erected in 1923 while not adequate is too good to abandon and could be used for a number of purposes: school administration, vocational-technical, university extension and adult school, community college, business uses, special education or even police and fire station. The west unit site could be used as a playground or apartment complex site.

Mrs. Ruth Vrieling, in an analysis of restructuring grade combinations, said much consideration was given to putting the ninth grade with senior high school, and to the middle school concept, discussing the possibilities with many teachers.

The Rev. Sam Williams, in an analysis of a single junior high school, was inclined at first to favor a single school with no ethnic splits and no opening disadvantages and seemingly lower cost of operations and bus service, but a thorough study revealed advantages and disadvantages of a single school concept were about equally balanced.

John Otting, in an analysis of using the current junior high as one facility and constructing one new facility with replacement of the present school deferred to the future, discussed busing problems, suburbia which is expanding in Holland, seemingly less capital outlay, and the value of experience, but like Rev. Williams said disadvantages and advantages seemed to even out in favor of two new buildings, particularly with regard to athletic facilities.

Board President James O. Lamb thanked Stratting and his committee profusely for their thorough study during the last five months. James Prins added that the presentation seemed to cover all reasonable alternatives and John Weeber, who

heads the buildings and grounds committee, said it was a pleasure to work with a group that showed continued interest and close to 100 per cent attendance during the five months. It was indicated that considerably more study would be done particularly in financing, before any building issue is submitted for public vote.

Two Cycles, Car In Mishap; One Passenger 'Fair'

GRAND RAPIDS — Dorothy Rasho, 18, of Grand Rapids, one of four persons injured in a three-vehicle accident at a State St. and M-21 at 5 p.m. Saturday in Zeeland, was listed in fair condition Monday at Butterworth Hospital here.

She received a skull fracture, a hip fracture and severe lacerations when the motorcycle on which she was a passenger collided with a car driven by Austin Wolfe, 72, of Santa Fe, N.M., who was not injured, according to Zeeland police.

The cycle was driven by Michael Mollema, 23, of Wyoming, who received bruises and lacerations and was released from Butterworth after treatment.

Zeeland officers said the Mollema cycle and the Wolfe car collided as Wolfe attempted to make a turn.

Another cyclist, Gregory De Vries, 20, of Jenison, saw the accident and applied his brakes in an attempt to avoid it; however, the cycle skidded out of control and he and his wife, Cheryl, 21, were also taken to Butterworth for treatment of bruises and lacerations and released.

Wolfe was cited for failure to yield the right of way.

Driver Seriously Hurt in Mishap

A young Zeeland woman remains in serious condition at Holland Hospital Saturday with injuries received in an accident involving two semis and a car at 16th St. and US-31 bypass at 1:26 p.m. Friday.

Diane A. Meyard, 21, of route 1, Zeeland, driver of the car, is undergoing treatment for a fractured pelvis and multiple injuries of the head and body. According to Ottawa county sheriff's deputies, Miss Meyard was driving east on 16th St. when the car was struck broadside by a truck driven north on US-31 by Norman Phelps, 33, of 215 Butler St., Saugatuck. The impact caused the Meyard car to spin around and strike a truck, headed west on 16th St., driven by Jack Vander Bie, 62, of 159 West 20th St. Deputies said Vander Bie had stopped in the traffic lane and was waiting for traffic.

Phelps received minor injuries and sought his own treatment, according to deputies, and Vander Bie was not injured.

Deputies said after the Meyard car struck the Vander Bie truck, it continued on and struck a power pole.

Both Miss Meyard's car and Phelps' semi were described as a "total loss" by deputies who are continuing their investigation.

"What I am trying to say is why don't people use turning signals?"

The letter was brought to the attention of Russ Hopkins, Holland Police Safety Education officer who replied in a letter to Anne:

"We are aware of the problem that there are many drivers in the City of Holland who do not use their turning signals.
